### Adopt A Senior

Some of us wouldn't know hunger, even if it was staring us right in the face.

Sadly, there is a growing epidemic of hunger among homebound seniors in the state of Delaware. It's a reality of which many of us are completely unaware.

Meals On Wheels Delaware strives to ease the hunger of every senior in need. In fact, last year our volunteers delivered over 600,000 hot, nutritious meals ... and nearly 100,000 of those meals were funded by generous donors like you.

Your donations help us provide a hot, nutritious meal to those in need- not only during the holidays- but throughout the year.

Please give generously.

### A Special Thanks!

Meals On Wheels Delaware would like to thank all of our donors for their continuous support. You are truly making a difference for homebound seniors throughout Delaware!
